MYTVTOGO: Dr. Steven Hatfill to speak to Italian Senate

Dr. Steven Hatfill, a specialist physician, and virologist with separate master's degrees in microbial genetics, radiation biochemistry, and experimental pathology, will address the ITALIAN SENATE as a featured speaker on September 13, 2021, at 12:15 pm, in Rome, Italy.

As a guest of the [INTERNATIONAL COVID SUMMIT](#), Dr. Hatfill will present based on his most recent peer-reviewed paper originally published by PCEN MEDIA INC on April 28, 2021.

Dr. Hatfill's message is shockingly blunt:

"You cannot vaccinate your way out of a pandemic...we must refocus our efforts on established and effective early treatment options if we have any chance of ending the COVID-19 pandemic."
